SUMMARY

Alban Shanaj is the most recent partner of the firm. He was graduated from the University of Avignon et des Pays de Vaucluse, France, where he also completed his postgraduate studies in European law.

Alban has a significant experience in energy (renewables, oil and gas) projects, advising international clients, and governments. His law practice also covers other industries such as infrastructure, life sciences and healthcare, fintech, telecommunication, and practice areas such as: M&A's, projects, regulatory, competition, and PPP. Alban advises all participants in energy and infrastructure projects and transactions, including developers, contractors, government and financial institutions. Alban is appreciated by the clients of the firm for his in-depth knowledge of the regulatory framework of energy and infrastructure sectors and for his professionalism, reliability and dedication.
